# Blog Resto.

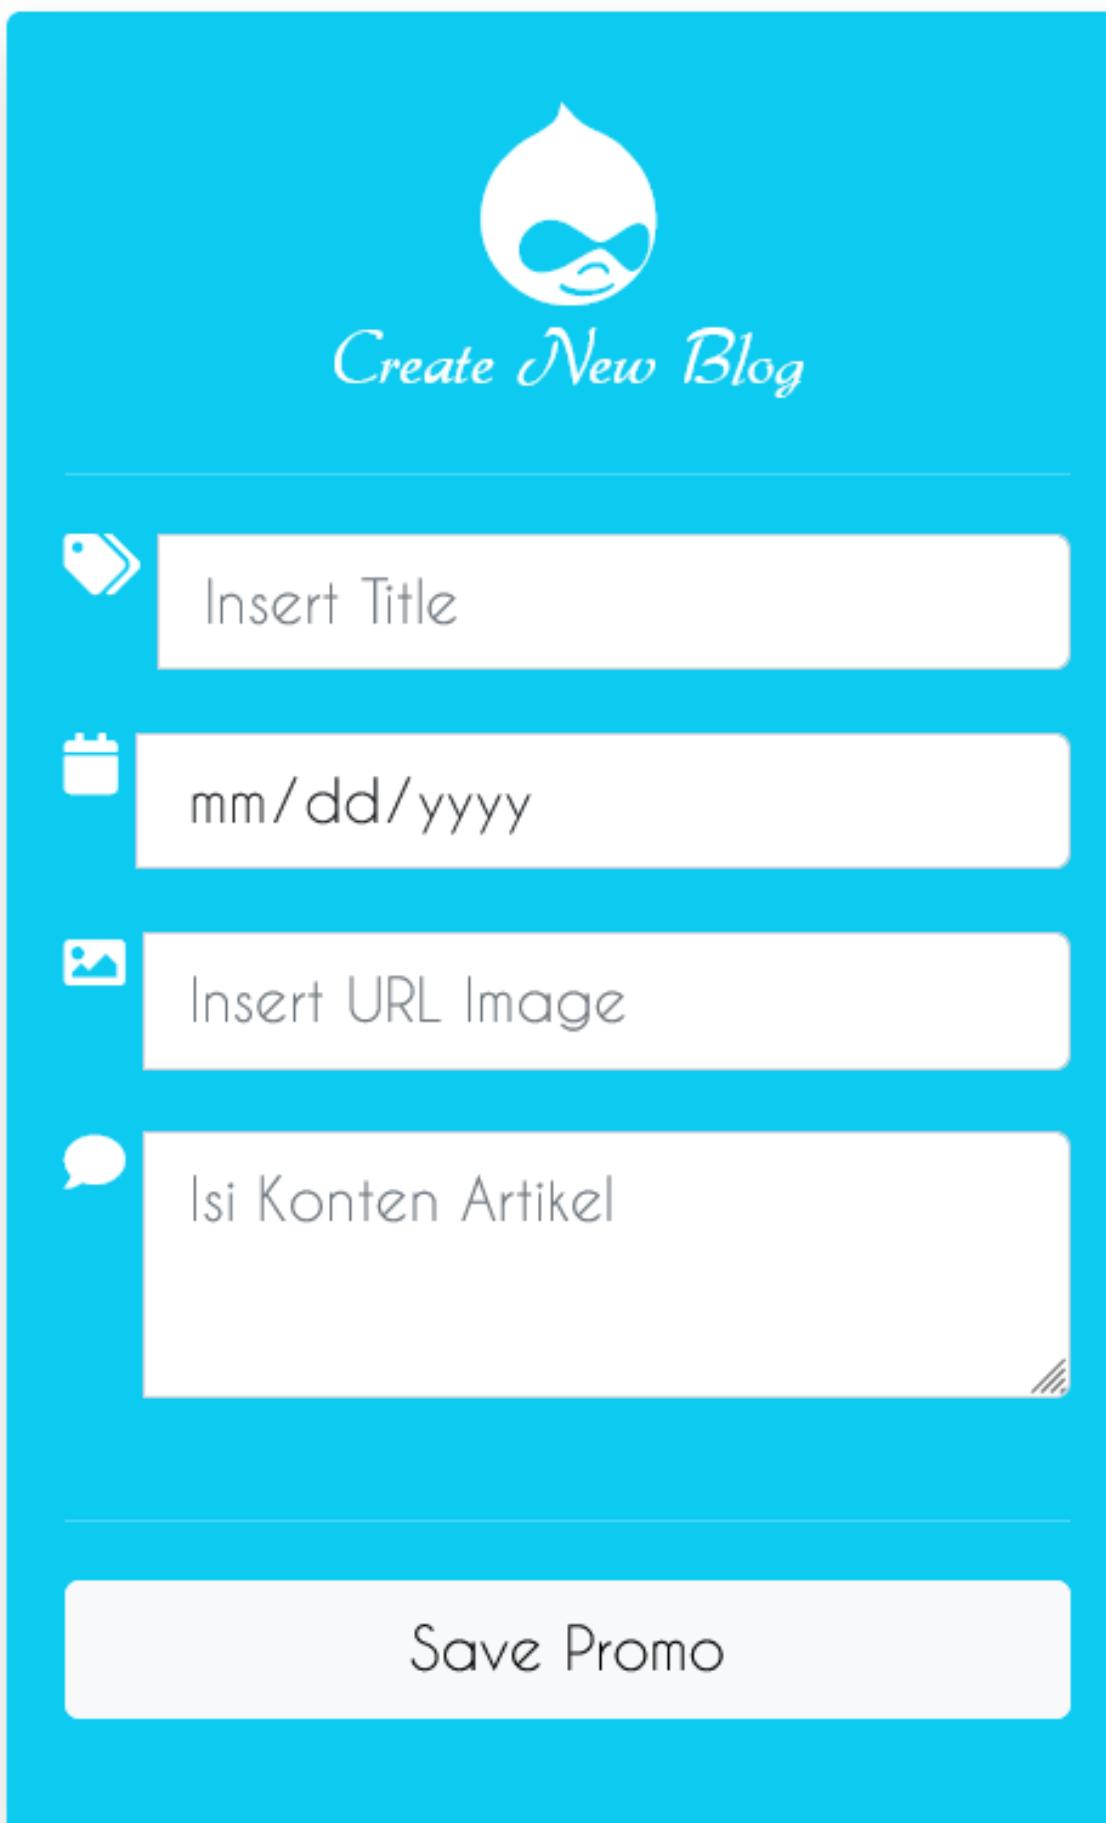

Kesempurnaan membuat website dengan cepat dan mudah .

The image shows a blog page interface. At the top, there is a logo featuring a stylized orange and red drink icon next to the text "Blog Page". Below this, a header bar includes a "SHOW 10 ENTRIES" button and a "SEARCH:" input field. The main content area displays a table of blog entries:

Title	Date	Action
Apa beda nya Group Menu dan Menu	2021-08-25	
Aplikasi Restoran Cafe	2021-08-24	
Blog platform restoran cafe	2021-08-16	
Integrasi website aplikasi restoran cafe rumah makan	2021-08-23	
Layanan Bantuan Aplikasi	2021-08-27	
Mengapa system meja dibutuhkan	2021-08-26	
Perlunya Invoice untuk restoran cafe	2021-08-25	
Resto Cafe Web App	2021-08-23	
Restoran Cafe System	2021-08-19	
Restoran CMS	2021-08-20	

Below the table, a message says "Showing 1 to 10 of 12 entries". Navigation buttons include "Previous", a page number "1", "2", "Next", and "Next >".

The image shows a "Create New Blog" interface. It features a "Create New Blog" logo at the top. Below it is a form with the following fields:

- Insert Title**: An input field with a blue placeholder icon.
- mm/dd/yyyy**: An input field with a blue placeholder icon.
- Insert URL Image**: An input field with a blue placeholder icon.
- Isi Konten Artikel**: A large text area for article content.
- Save Promo**: A button at the bottom right.

Email : axcora@gmail.com

The screenshot displays the homepage of the AXCORA TECHNOLOGY website. At the top right, there is a navigation bar with links for Home, Menu, Blog, and Login. The main header features a large red hexagonal logo with a white letter 'A' and the text 'AXCORA TECHNOLOGY' followed by 'Applikasi restoran online dan website resto cafe'. Below the header, there is a section titled 'Sip Resto Apps' with a sub-section 'User Pengguna aplikasi restoran'. The page contains several screenshots of different software modules: 'Login Area' (with a chef icon holding a pizza), 'Dashboard sip resto apps', 'User Pengguna aplikasi restoran', 'Group Menu Makanan Minuman' (listing items like Nasi Goreng, Sate, and Ayam Bakar), 'Menu makanan dan minuman pada restoran cafe rumah makan', 'System meja waiters mobile app tab order ready' (a 4x5 grid of tables with some highlighted in blue), 'Penjualan kasir point of sale restoran cafe rumah makan', 'laporan income list detail omset restoran cafe rumah makan', and 'Website restoran rumah makan cafe online keren' (showing a mobile phone screen with a food delivery app). A blue button at the bottom right says 'Order Sekarang'.

Solusi all in one website restoran cafe dan aplikasi POS invoice menjadi satu dengan fun resto apps

This screenshot shows a specific feature of the system: 'System meja waiters mobile app tab order ready'. It displays a 4x5 grid of tables labeled 1 through 20. Some tables are marked with an 'X' (e.g., 1, 2, 5, 6, 7, 8, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20) while others are marked with a teal square (e.g., 3, 10). A black fish icon is positioned above the grid. Below the grid, there is a section titled 'ABOUT' with descriptive text about mobile waiters using the software for order management across various devices.
